## **FIRST CALL ANNOUNCEMENT**

**October 15-16**

**2020**

**Sarajevo, BiH**

# INTRODUCTORY WORD

.....

Professor Ešref Gačanin, PhD

Association of Consulting Engineers BiH

Dear Colleagues,

It is our honor to inform you and invite you to the **2nd Conference on Urban Planning and Regional Development** organized by the Association of Consulting Engineers of Bosnia and Herzegovina. The conference will be held on **15th and 16th October 2020 in Sarajevo**.

It is a known fact that the population of our planet is increasing. According to the UN, about 7.7 billion people now live on the planet. In 1930, our planet had a population of 2 billion. With the increase in population the number of cities is also increasing, as is the number of inhabitants in cities. Based on projections made by the United Nations, 8 billion people are expected to live on the planet in 2023, and while 60% of the world's population will live in the cities.

Urbanization brings many problems, especially when it is manifested by the sudden concentration of a large population in a small area.

The most serious problems of urbanization are: increase of traffic, pollution of the environment, water resources management, destruction of green spaces, parks, agricultural land and open spaces. Most problems can be solved with the most effective and well recognized engineering technologies and sustainable practices.

The second Conference will bring together experts, scientists, international lecturers from the wider region and Europe, as well as representatives of the government institutions - with the aim of analyzing past experiences and future challenges in the strategic planning of urban infrastructure. It is also an opportunity to establish a strong forum for a comprehensive, interactive development cycle that will enable faster implementation of strategic, development, both, local and regional and European projects related to urban planning and regional development.

We are truly looking forward to your participation in the organization and work of the 2nd Conference on Urban Planning and Regional Development.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'E. Gačanin'.
